1. Introduction

The Our Lady of Sion College Mission statement calls us to always ‘speak the truth in love’ and compels us to act in the pursuit of ‘justice and truth’. Consistent with our mission as a Catholic school, the Our Lady of Sion College community is committed to a culture of child safety and a zero tolerance of child abuse. Our Child Safety Policy has a specific focus on safeguarding the young people of Our Lady of Sion College against sexual, physical, psychological and emotional abuse or neglect.

2. Purpose of the Policy

Our Lady of Sion College is strongly committed to the care, safety and wellbeing of all students in our school. As such this policy demonstrates our commitment and provides an outline of the policies, procedures and strategies developed to keep students safe from harm, including all forms of abuse in our College environment, on campus, online and in other locations provided by the College.

This policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Victorian Child Safe Standards as set out in Ministerial Order No. 870.

This policy applies but is not limited to all College staff, including employees, volunteers, contractors, clergy and religious.

3. Principles

Catholic schools have a moral, legal and mission driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard and where they are safe and feel safe. (Catholic Education Commission of Victoria Ltd 2016).

The following principles underpin our commitment to child safety at Our Lady of Sion:

- All students at Our Lady of Sion deserve as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/caregivers.
- All College staff have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults, children and young people.
- Policies and practices demonstrate compliance with legislative requirements and co-operation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
• **College staff**, parents/guardians, carers and students should feel free to raise concerns about child safety, knowing these will be taken seriously by College leadership.
• Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally or pastorally.

### 4. Definitions used in this Policy

**Child:** A child or a young person enrolled as a student at Our Lady of Sion College.

**Child abuse** includes:
(a) any act committed against a child involving:
   (i) a sexual offence
   (ii) an offence under section 49B(2) of the Crimes Act 1958 (grooming)
(b) the infliction, on a child, of:
   (i) physical violence
   (ii) serious emotional or psychological harm
(c) serious neglect of a child. ([Ministerial Order No. 870](#))

**Child safety** encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse. ([Ministerial Order No. 870](#))

**Child neglect:** The failure by a parent or caregiver to provide a child (where they are in a position to do so) with the conditions that are culturally accepted as being essential for their physical and emotional development and wellbeing. ([Safe Schools Hub](#))

**Child physical abuse:** Generally, child physical abuse refers to the non-accidental use of physical force against a child that results in harm to the child. Physically abusive behaviours include shoving, hitting, slapping, shaking, throwing, punching, kicking, biting, burning, strangling and poisoning. The fabrication or induction of an illness by a parent or carer (previously known as Munchausen syndrome by proxy) is also considered physically abusive behaviour. ([Safe Schools Hub](#))

**Child protection:** Statutory services designed to protect children who are at risk of serious harm. ([Safe Schools Hub](#))

**Child sexual abuse:** Any sexual activity between a child under the age of consent (16) and an adult or older person (i.e. a person five or more years older than the victim) is child sexual abuse. Child sexual abuse can also be:
1. any sexual behaviour between a child and an adult in a position of power or authority over them (e.g. a teacher); the age of consent laws do not apply in such instances due to the strong imbalance of power that exists between young people and authority figures, as well as the breaching of both personal and public trust that occurs when professional boundaries are violated
2. any sexual behaviour between a child and an adult family member, regardless of issues of consent, equality or coercion
3. sexual activity between peers that is non-consensual or involves the use of power or coercion
4. Non-consensual sexual activity between minors (e.g. a 14-year-old and an 11-year-old), or any
sexual behaviour between a child and another child or adolescent who, due to their age or stage
of development, is in a position of power, trust or responsibility over the victim. Sexual activity
between adolescents at a similar developmental level is not considered abuse. (Safe Schools
Hub)

**Mandatory Reporting:** The legal requirement to report suspected cases of child abuse and neglect is
known as mandatory reporting. Mandated persons include teachers, nurses, police, psychologists,
psychiatrists and medical practitioners. (Safe Schools Hub)

**Reasonable Belief:** When staff are concerned about the safety and wellbeing of a child or young
person, they must assess that concern to determine if a report should be made to the relevant
agency. This process of considering all relevant information and observations is known as forming a
‘reasonable belief’. A ‘reasonable belief’ or a ‘belief on reasonable grounds’ is not the same as
having proof but is more than mere rumour or speculation. A ‘reasonable belief’ is formed if a
reasonable person in the same position would have formed the belief on the same grounds.

**College environment** means any physical or virtual place made available or authorised by the school
governing authority for use by a child during or outside College hours, including:
(a) a campus of the College
(b) online College environments (including email and intranet systems)
(c) other locations provided by the College for a child’s use (including, without limitation, locations
used for College camps, sporting events, excursions, competitions, and other events).
   (Ministerial Order No. 870)

**College staff** means an individual working in the College environment who is:
(a) directly engaged or employed by a school governing authority
(b) a volunteer or a contracted service provider (whether or not a body corporate or any other
person is an intermediary)
(c) a minister of religion. (Ministerial Order No. 870)
(d) religious

(CECV Commitment Statement to Child Safety)

The College has allocated roles and responsibilities for child safety as follows.

6.1 Guide to Responsibilities of College Leadership

The College Board, Principal and College leaders at Our Lady of Sion recognise their particular responsibility to ensure the development of preventative and proactive strategies that promote a culture of openness, awareness of and shared responsibility for child safety. Responsibilities include:

- creating an environment for children and young people to be safe and to feel safe
- upholding high principles and standards for all College staff
- promoting models of behaviour between adults and children and young people based on mutual respect and consideration
- ensuring thorough and rigorous practices are applied in the recruitment, screening and ongoing professional learning of staff
- ensuring that College personnel have regular and appropriate learning to develop their knowledge of, openness to and ability to address child safety matters
- providing regular opportunities to clarify and confirm legislative obligations, policy and procedures in relation to child and young people’s protection and wellbeing
- ensuring the College meets the specific requirements of the Victorian Child Safe Standards as set out in Ministerial Order No. 870.

6.2 Guide to Responsibilities of College Staff

Responsibilities of College staff include:

- treating children and young people with dignity and respect, acting with propriety, providing a duty of care, and protecting children and young people in their care
- following the legislative and internal College processes in the course of their work, if they form a reasonable belief that a child or young person has been or is being abused or neglected
- providing a physically and psychologically safe environment where the wellbeing of children and young people is nurtured
- College employees undertaking regular training and education in order to understand their individual responsibilities in relation to child safety and the wellbeing of children and young people
- assisting children and young people to develop positive, responsible and caring attitudes and behaviours which recognise the rights of all people to be safe and free from abuse
- following the College’s Child Safety Code of Conduct.
6.3 Organisational Arrangements

The Our Lady of Sion Child Safety Team consists of the Deputy Principal Wellbeing, Deputy Principal Faith and Mission and Deputy Principal Learning and Teaching, and reports to the Principal. They work with the College Counsellors, Year Level Co-ordinators and Learning Area Leaders and will be responsible for the education, management and promotion of Child Safety.

7. Expectation of our College Staff – Child Safety Code of Conduct

At Our Lady of Sion community, we expect College staff to proactively ensure the safety of students at all times and to take appropriate action if there are concerns about the safety of any child at the College. All College staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection and to comply with all requirements. We have developed a Child Safety Code of Conduct which recognises the critical role that College staff play in protecting the students in our care and establishes clear expectations of College staff for appropriate behaviour with children in order to safeguard them against abuse and or neglect.

Our Code also protects College staff through clarification of acceptable and unacceptable behaviour. Copies of the Code of Conduct must be sighted and signed by College Board members and College staff upon commencement of employment and when amendments are made. Signed copies will be retained on file by the College.

8. Student Safety and Participation

At Our Lady of Sion, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns students, or their parents or carers, raise with us.

Student participation and empowerment will be facilitated by a range of appropriate strategies including

- opportunities to understand the nature of child abuse in particular the nature of grooming
- helping students to discern what constitutes child abuse
- the means by which students can report concerns

Participation and empowerment will be facilitated through discussion and forums which are delivered through our Pastoral, and Learning and Teaching Programs. Fortnightly newsletter items regularly provide advice and information regarding cyberbullying and grooming.

9. Reporting and Responding

Our College records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and stores the records in accordance with security and privacy requirements. Our College complies with legal obligations that relate to managing the risk of child abuse under the Children
Youth and Families Act 2005 (Vic.), the Crimes Act 1958 (Vic.) and the recommendations of the Betrayal of Trust report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

The Our Lady of Sion Child Protection – Reporting Obligations Policy and the Victorian Department of Education and Training PROTECT - Identifying and responding to all forms of abuse in Victoria schools guide set out the actions required under the relevant legislation when there is a reasonable belief that a child at our College is in need of protection or a criminal offence has been committed. Both documents provide guidance and procedures on when and how to make a report. They do so by assisting College staff and families to:

- identify the indicators of a child or young person who may be in need of protection
- identify signs of child abuse including physical, sexual, emotional, neglect, family violence and grooming
- understand how a ‘reasonable belief’ is formed
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law and their legal obligations relating to criminal child abuse and grooming under criminal law

Our College has also established internal processes to ensure that appropriate action is taken to respond to concerns about the wellbeing and/or safety of a student. These processes are informed by the Our Lady of Sion College Reporting Obligations Policy and the Victorian Department of Education and Training PROTECT - Identifying and responding to all forms of abuse in Victoria schools guide: [http://www.education.vic.gov.au/about/programs/health/protect/Pages/schoolsguide.aspx](http://www.education.vic.gov.au/about/programs/health/protect/Pages/schoolsguide.aspx) which require the following four actions to be undertaken:

- Responding to an emergency
- Responding to Authorities
- Contacting Parents/Carers
- Providing support

The following represents actions to be taken in some possible but not exhaustive scenarios:

A. Steps when a child discloses information about an alleged child abuse at school. The staff member should:
   1. Ensure the student is safe
   2. Re-assure the student that you will listen to their concerns
   3. Explain your responsibility to share this information in order to help the student
   4. Gather all available information and take notes in order to complete the PROTECT report later that day
   5. Contact a member of the Child Safe Team
   6. Remain with the student until a member of the Child Safe Team advises
   7. Appropriate response by the College guided by the PROTECT - Identifying and responding to all forms of abuse in Victoria schools guide
B. If the allegation comes via email by a student who is alleging abuse against them, the staff member should:
   1. Ensure the student is safe
      a. If they feel they are safe, re-assure them and organise to meet them the next morning
      b. If they feel they are not safe, re-assure them and inform them you will contact someone who can help
         i. Contact the police and Department of Health & Human Services (DHHS)
   2. Contact a member of the Child Safe Team immediately
   3. Gather all available information and take notes in order to complete the PROTECT report later that day
   4. Appropriate response by the College guided by the *PROTECT - Identifying and responding to all forms of abuse in Victoria* schools guide

C. If the allegation comes via a third party (volunteer, parent/guardian, other student, social media, other), the staff member should:
   1. Explain that our College has processes to ensure all abuse allegations are taken very seriously
   2. Ask for the details regarding their concerns and advise that you will take notes
   3. Explain your responsibility to share this information in order to help the student
   4. Gather all available information and take notes in order to complete the PROTECT report later that day
   5. Contact a member of the Child Safe Team immediately
   6. Appropriate response by the College guided by the *PROTECT - Identifying and responding to all forms of abuse in Victoria* schools guide

Once information is gathered, the staff member in discussion with the Child Safety Team, identifies the most appropriate action to be taken according to the Our Lady of Sion Child Protection – Reporting Obligations Policy and *PROTECT - Identifying and responding to all forms of abuse in Victoria* schools guide.

Our complaints and disclosure processes are outlined and detailed in the following policies and procedures:

1. Grievance Resolution Policy
3. Counselling Policy
4. *PROTECT - Identifying and responding to all forms of abuse in Victoria* schools guide

### 10. Screening and Recruitment of College Staff

Our Lady of Sion College will follow the Catholic Education Commission of Victoria (CECV) Guidelines on the Employment of Staff in Catholic Schools, 2016. The College will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our
commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the College’s Child Safety Code of Conduct and the Child Safety Policy.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we make all reasonable efforts to:

11. Child Safety – Education and Training for College Staff

Our Lady of Sion provides College staff with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety matters. This includes induction, ongoing training, briefings and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.

At Our Lady of Sion, we commit to creating a child safe environment by providing education and training to all staff that includes but is not limited to the following opportunities:

They will also receive and be required to sign the Our Lady of Sion Code of Conduct prior to commencing work or when amendments are made.
12. Risk Management

At Our Lady of Sion, we are committed to proactively and systematically identifying and assessing risks to student safety across our whole College environment, and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and periodically review our risk management strategies for child safety and ensure that the strategies change as needed and as new risks arise.

The Leadership Team and Risk Management Team will annually review the Our Lady of Sion Risk Management Register to ensure that child safe risks are identified and mitigation strategies are emplaced. The College Risk Management procedures are also reported and endorsed by the College Board.

13. Relevant Legislation

- Children, Youth and Families Act 2005 (Vic.)
- Working with Children Act 2005 (Vic.)
- Education and Training Reform Act 2006 (Vic.)
- Equal Opportunity Act 2010 (Vic.)
- Privacy Act 1988 (Cth)
- Crimes Act 1958 (Vic.) – Three new criminal offences have been introduced under this Act:
  a) Failure to disclose offence: Any adult who forms a reasonable belief that a sexual offence has been committed by an adult against a child under 16 has an obligation to report that information to police. Failure to disclose the information to police is a criminal offence.
  b) Failure to protect offence: The offence will apply where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that organisation. A person in a position of authority in the organisation will commit the offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.
  i) Grooming offence: This offence targets predatory conduct designed to facilitate later sexual activity with a child. Grooming can be conducted in person or online, for example via interaction through social media, web forums and emails.
